

BUCKINGHAM MFG.

M2 – SERIES

[MAGNETIC STRIP RETRO FIT KIT INSTRUCTIONS]

Warning: Do not use this product if you cannot understand and follow the instructions and warnings that come with it and complete all necessary functions.

M2-3 KIT (3" long magnetic bracket)
Kit includes:

- One 3" long magnetic bracket.
- Two ½" long 10-32 pan head screws
- Two ¾" OD washers
- Two 10-32 Nylock lock nuts

M2-8 KIT (7 7/8" long magnetic bracket)
Kit includes:

- One 7 7/8" long magnetic bracket.
- Two ½" long 10-32 pan head screws
- Four ¾" OD washers
- Two 10-32 Nylock lock nuts

The Buckingham magnetic strip is intended to be used to temporarily hold small items such as nuts, bolts, washers or hand tools and provide easy pickup with a gloved hand. It is designed to be attached to the inside of a bag, bucket or to a tool apron. This kit may be used on products manufactured from materials such as canvas, leather or fiberglass.

MAGNETIC STRIP INSTALLATION

1. Align the magnetic strip in the desired mounting position on the board, bucket or bag.
2. Use a permanent marker and make a mark on the product at the center of each screw slot in the magnetic strip.
3. Make two holes at the marked locations. Use a sharp instrument such as a punch or an awl for canvas or leather products. Use a drill with a 7/32" bit for fiberglass products.
4. Place one washer on each screw and insert the screw through the product from the side opposite of the intended mounting location.
5. Place the magnetic strip over the two protruding screws (if using the M2-8, place an additional washer over each screw that is protruding through the magnetic strip).
6. Place a locking nut on each screw and securely tighten using a Phillips head screwdriver and a 3/8" wrench. Do not over tighten.

STATEMENT of OBSOLESCENCE:

Precise “useful life expectancy” or “shelf life” for this product is not specified, as the degree of use, conditions of use, and the degree of care and storage determines useful life. All users maintain responsibility to select proper equipment for the job, be properly trained in its use, and ensure all personnel support equipment passes inspection before each use. Upon evidence of defects, damage or deterioration, all equipment shall be removed from service immediately and tagged or marked as unusable or destroyed. Additionally, all equipment shall be inspected on a regular basis not to exceed one year by a Competent Person, as defined by OSHA/ANSI, to verify that the equipment is safe for use. In the event of any question or concern regarding the condition of such equipment, users shall remove the equipment from service for further inspection. All users must comply with OSHA/ANSI/ASTM standards prior to and in using such equipment. For more information regarding safe and appropriate use of equipment, please contact Buckingham Manufacturing at 1-800-937-2825.

INTERNATIONAL USERS:

Notwithstanding the above, please know that certain international jurisdictions require manufacturers of equipment to provide customers with a maximum useful lifespan (sometimes referred to as a “Statement of Obsolescence”). To the extent required, Buckingham personal protective equipment manufactured from synthetic fiber materials including but not limited to items such as webbing and/or rope are subject to a maximum useful lifespan of ten (10) years from the date of manufacture. As stated above proper usage, storage, maintenance, and care impacts the useful lifespan of equipment. Extreme circumstances may require that product must be retired after only one use. This statement is made in conformance and compliance with BS EN 365:2004. International users must ensure that product inspections are completed by Competent Persons as defined by international standards including but not limited to British Standard (“BS”). If equipment fails any inspections, it must be immediately withdrawn from service and destroyed. For more information regarding safe and appropriate use of equipment, please contact Buckingham Manufacturing at 1-800-937-2825.

OUR GUARANTEE:

We guarantee the equipment we manufacture to be free from defects in material and workmanship. We will repair any equipment deemed to be defective which is returned to us by the original purchaser. However, this guarantee is void if any product is changed or altered in any way, or if the product is used in a manner other than for which it is intended. This express guarantee supersedes all other expressed or implied guarantees, obligations or liabilities. There are no implied warranties of merchantability or fitness for a particular purpose and as such, all implied warranties are specifically disclaimed.

LIMITATION ON LIABILITY:

In no event will Buckingham or buyer be liable to the other for lost revenues, lost profits or any other indirect, consequential, special or punitive losses or damages, however caused, whether in action for breach of contract, strict liability, tort, or otherwise, even if advised of the possibility of such losses or damages. In no event will Buckingham’s liability exceed the total amount paid by the buyer to Buckingham for the product or equipment giving rise to such claim(s).
